

PEATS GARDEN COMPOST

Ideal for the
home gardener

FACT SHEET

peats 
SOIL & GARDEN SUPPLIES

Peats Garden Compost is a fine grade dark coloured compost produced from recycled organic materials.

It is produced under strict quality controlled conditions and will improve the condition and performance of the soil by in-creasing nutrient and moisture retention levels.

Peats Garden Compost is ideal for the home gardener and is suitable for use on fruit trees, vines, flowers, shrubs, vegetables and any other home garden plant

Seedlings

Seed germination is enhanced by incorporating Peats Garden Compost in the seed planting mix prior to planting seeds.

Properties

Improves soil health and fertility. Improves moisture retention.

Promotes plant growth, flower colour and fruit quality.

Application

Soil incorporation: 4 parts soil to 1 part Peats garden Compost.

A covering of mulch is also recommended to be applied at a depth of 50mm.
