SOIL & GARDEN SUPPLIES

PEATS SOIL has a wide range of composted vineyard improver products that will help get the most of your soil and create a healthier vine.

Terry Markou of Wild Fox Wines uses PEATS Nitra Mulch and said “I’d estimate a 10% increase in grape quality after composting.”

PEATS PRODUCTS

Nitra Mulch

100% natural organic product that has been composted to destroy weed seeds and pathogens. A fantastic under vine mulch to add vital nutrients to the soil while reducing moisture loss (up to 30%) and keeping under vine weeds at bay.

Cultured Compost (AS 4454)

A high performance ready to use organic soil conditioner. Peats Cultured Compost is a blend of green organics mixed with liquid cow, Pig and Sheep manure and is fantastic to improve soil structure, increases soil carbon and adds vital nutrients. NASAA Certified.

Manures

Peats fully composted Pig, Cow or Chicken manure are high in nitrogen and carbon and are a great all round product for improving soils, yields and water holding capacity. The composting process provides a fine, consistent and easily spread product suitable for all applications.

Organic Booster

Peats Organic Booster is a mixture of Quality Cultured Compost and our finest composted manures. Give your soil those extra nutrients that increase yield, improve grape quality by improving soil nutrients and structure and vital moisture retention.

Carbon Booster

The ultimate in vineyard food, a finely screened product that contains high levels of nutrients and Humic Acids. Increase soil carbon and water retention and get millions of soil microbes working for you with Peats Carbon Booster.

Special Blends

Need a special mixture to suit your soil requirements, ask Peats about mixing several materials together. Do you need Gypsum, Rock Dust or anything else mixed with your Compost to save on spreading costs, Talk to Peats today for a tailored mix to save you time and money.
